

To our valued clients and potential clients,

Aldrich Legal Services is committed to providing clients with quality legal representation through the current crisis our community is facing. We will make accommodations to ensure our clients' needs are met and that they receive strong advocacy from our attorneys. Our attorneys are still working on our clients' cases.

We are taking precautions to follow the CDC guidelines. If you are a current client or potential client and do not want to come into the office, we can make accommodations to communicate by phone, video conferencing and email. Please call the office prior to visitation.

Sincerely,

Brad Aldrich
